Dear Mr Ippili,

I am pleased to offer you admission as an international student to the following program(s) at the University of Adelaide:

## ACADEMIC PROGRAM

Program (CRICOS Code)	Master of Engineering (Electronic Engineering) (071204M) This program is fully accredited by Engineers Australia
Units of Advanced Standing	Not Applicable
Duration of Program	2 years
Faculty	Engineering, Computer and Mathematical Sciences
Campus	North Terrace (Adelaide)
Commencement Date(s)	Semester 1, 2022 - 18 February 2022
Indicative Annual Tuition Fee*	AUD\$46,000 <small>*The quoted fee is the tuition fee for studies undertaken in 2022 based on a full-time enrolment of 24 units. It is reviewed annually and may increase in future years. It will be possible to access the tuition fees for each future year of study in August of the preceding year.</small>
Tuition Fee Deposit	AUD\$14,000
Mode of Study*	Dependent upon Australian Government travel restrictions
Compulsory Work Component	Yes
Work Component Hours / Week	36.8 hours per week for 12 weeks

\* In many programs, all required learning activities and content will be supported remotely during COVID-19 pandemic travel restrictions. Some programs include compulsory courses that require students to attend classes in person (such as laboratory-based practicals). We hope that students enrolled in programs with compulsory on-campus classes will be able to join us in Australia. However, if that is not possible because of travel restrictions, we will be flexible and adjust study plans to enable students to progress. In some cases, this may mean that students will take compulsory on-campus classes at a future date, when it is possible to travel. In other cases, we will offer alternative remote courses. Students will be advised in advance if there are course components that require in-person attendance and, if prevented from joining us in Australia, we will continue to offer them high quality, remote learning for the courses in which they can enrol.

Upon the relaxation of travel restrictions, students will need to travel to Australia (if overseas) on a student visa to commence in-person studies at the University of Adelaide as soon as they are able. Students must be eligible to apply for a student visa as soon as they are able, to facilitate this process.

**Congratulations! Based on your current academic performance, you are eligible for the University of Adelaide 15% Global Citizens Scholarship. The scholarship provides a 15% reduction of the tuition fee for the standard full-time duration of your chosen program. If you are still completing your qualification, your eligibility will be reassessed once we receive your final results. If you have already completed your qualification, simply accept your offer to receive the scholarship. For full terms and conditions, and information on our other scholarships, please visit [www.international.adelaide.edu.au/admissions/scholarships](http://www.international.adelaide.edu.au/admissions/scholarships).**

Should you need further assistance, please do not hesitate to contact Admissions Services via email: [accept@adelaide.edu.au](mailto:accept@adelaide.edu.au).

I would like to take this opportunity to welcome you to the University of Adelaide and wish you success in your future studies.

Dear Uday:

Congratulations! It is with great enthusiasm that I offer you admission into the Master of Science program at the School of Business at Stevens Institute of Technology for the Fall 2022 semester. Each year, our admissions team sees more applications from an increasingly stronger pool of prospective students. After reviewing your impressive credentials, it's clear you've got what it takes to be a star in the Business Intelligence and Analytics program at Stevens.

Because of your outstanding profile, the admissions committee has recommended you for a graduate scholarship in the amount of \$20000. This highly selective scholarship is offered to only the most highly qualified prospective students, and you should be proud to count yourself among this select group.

Stevens isn't a business school for everyone. Not only do you need the right academic excellence, you need a deep appreciation for technology and its role in solving business problems. It's clear to me that you're the kind of creative, critical thinker who will thrive at a school where new technology isn't just taught — it's invented, refined, shared and applied.

For more details on your admission and to confirm or decline this offer, please read the information on the following page. Our admissions office as well as your advisors will be in touch with you shortly to ensure you have everything you need to enroll at Stevens for the upcoming semester. Until then, please share this happy news with those who have supported your journey so far.

I'm so excited to welcome you to the Stevens community. I'm confident that you'll do great things here that will change the way you see the world and prepare you for an incredibly rewarding career.

Sincerely,

Dr. Gregory Prastacos  
Dean of the School of Business
