JAVA based Career awareness program was conducted in the department of Electronics and communication by Mr. Subramaniam, Director of DESTINATION Company. Technical talk on JAVA programming language was given to the students of VII semester which was very informative and exciting to learn. The program was presided by honorable HoD, ECE Dr. Yogesh G S and faculty coordinator Dr. Rajesh L.

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

Software developers continue to be in big demand and the long-term job prospects look good. These jobs allow people to work for the largest and most stable organizations. People who choose a Java programming career path are practically guaranteed long-term job security.

Java programming is a skill that is usually well compensated. The technology undergoes frequent changes, which provides regular intellectual growth, and for the working Java developer, this provides ongoing engagement and stimulation.
