| Event Title | International webinar on “Securing the Ether: Safeguarding the satellite communication | | | |
| Date | 26.12.2023 | | Time | 11.00 |
| Venue | ECE SEMINAR HALL | | | |
| Duration | <u>2</u> Hrs | From: | 11.00 AM | To: 12.00PM |
| Program Objective | The objective of the programme is cyber security experts can help identify vulnerabilities and develop strategies to counter emerging threats. Students have to learn about the constant vigilance and proactive measures are vital. | | | |
| <p>Satellite communication is the backbone of modern connectivity, spanning across Industries such as telecommunications, broadcasting, and navigation. However, with the growing reliance on these Systems, the need for robust security measures is undeniable. Encryption protocols and secure communication channels play a pivotal role in preventing unauthorized access and data interception.</p> | | | | |
| 1. Names of the Resource Persons / Chief Guests / Guests of Honors / Other’s Mention | Dr.Pritam Gajkumar Shah | | | |
| 2. Designation/s | Chair | | | |
| 3. Company’s Name / Associations | University of Canberra ,SISTMR, Australia | | | |
| Total Number of Participants | 50 | | | |
| Total number of Participants in <i>Google</i> Meet | NA | | | |
| Total number of feedbacks received through Google forms from both Google meet and YouTube | NA | | | |
| Total Number of Views (First Day) in YouTube | NA | | | |
