

Department of Computer Science and Engineering

Approved by AICTE New Delhi | Affiliated to VTU, Belagavi,
Virgo Nagar, Bengaluru-560049

Description:

The IEEE TEMS Inauguration was held on July 19, 2021, at East Point College of Engineering and Technology (EPCET). The IEEE Technology and Engineering Management Society (TEMS) Student Branch is an innovative initiative designed to empower engineering students by integrating technology with management skills. This platform emphasizes leadership, innovation, and interdisciplinary collaboration, equipping students to excel in technical and managerial roles. Through TEMS, students gain exposure to global technology management practices, access valuable professional development resources, and network with industry experts. Participation in TEMS fosters problem-solving abilities and leadership skills, preparing students to manage technical teams and projects effectively.

Objectives:

1. The branch promotes leadership development by engaging students in managing technical projects and fostering team-building skills.
2. It offers educational opportunities through workshops, seminars, and access to globally recognized IEEE TEMS journals and resources.
3. Students gain networking opportunities with industry professionals, researchers, and peers, enabling valuable professional connections.
4. Practical exposure is provided through real-world case studies, internships, and collaborative projects.
5. It supports innovation and research, encouraging students to contribute to technology and management studies.
6. Membership benefits include certifications, participation in global events, and access to cutting-edge knowledge in engineering and technology management.

Faculty Members:

1. Dr. I Manimozhi, HOD, CSE
2. Mr. Arun Kumar, Assistant Professor, Dept. of CSE

Student Members:

1. Harshavardhan M
2. Kambham Sai Sathvika
3. Derin Girish D G
4. Jeevan N
5. Gurunath Reddy N A
6. Majeti Anatha Krishna
7. Anamika Gurung

Benefits:

- Helps students develop essential leadership skills by participating in technical project management and decision-making activities.
- Provides access to workshops, seminars, and resources to enhance technical and managerial expertise.
- Offers opportunities to connect with industry leaders, researchers, and peers globally, fostering valuable professional networks.
- Encourages innovation and research through access to globally recognized IEEE publications and resources.
- Prepares students for global career opportunities through certifications, internships, and real-world project experiences.
- Adds credibility and global recognition to students' profiles, which is highly valued by academic institutions and industries.
- Keeps members updated on advancements in technology and management, equipping them with skills for professional success.

Events Conducted:

Academic Year: 2024 - 2025

Sl. No.	Event Name	Date	No. of Students Participated
1	Canvas Vision	13.09.2024	41
2	Byte the Bug	8.11.2024	14 teams

Academic Year: 2023 - 2024

Sl. No.	Event Name	Date	No. of Students Participated
1	Techquest	06-07-2023	17
2	Logo Creation Contest	27-07-2023	11 Teams
3	The Code War Contest	24-08-2023	17
4	Teachers' Day Celebration	05-09-2023	Faculty Members - CSE
5	Impromptu	05-12-2023	13

Academic Year: 2021 - 2022

Sl. No.	Event Name	Date	No. of Students Participated
1.	Coding Club	04/07/2022	40
2.	Gaming Club	05/07/2022	45
3.	C Gaming	12/08/2022	22

Academic Year: 2020 – 2021

Sl. No.	Event Name	Date	No. of Students Participated
1	Technical discussion on “Technology Entrepreneurship in Indian context”	19/06/2021	96
2	“Emerging Sensor Technology of Millimeter Wave Radar for Civil and Military Application”	10/07/2021	180
3	“IEEE Day”	05/10/2021	90
4	“AIKYA 2K’21”	17/12/2021	150
