Event Title	SKILL BUILDING WORKSHOP by Neev Abhiyan				
Date	27/12/2024		Time:	10:00AM	
Venue	Seminar Hall, Mechanical Block				
Duration	1 day	From:	27/12/2024	To:	27/12/2024
Program Objective	The primary objective of the skill building workshop for unskilled civil contractors is to enhance their technical skills, improve their understanding of modern construction practices and promote safety standards. This workshop aims to provide hands-on training and theoretical knowledge that will enable participants to execute construction projects more efficiently and effectively, ensuring quality and safety in their work.				
<p>A skill building workshop was conducted in Mechanical Seminar for unskilled civil contractors in East Point College of Engineering and Technology to enhance the capabilities of unskilled civil contractors. The session aimed to equip participants with essential construction techniques, safety practices, and modern tools to improve their productivity and work quality. Industry experts and experienced professionals facilitated the workshop, delivering hands-on demonstrations and interactive discussions. The workshop also covered topics like sustainable construction methods, resource management, and adherence to building codes. Attendees actively engaged in the activities, showcasing enthusiasm to apply the newly acquired knowledge in their projects. The event concluded with positive feedback, highlighting its effectiveness in bridging skill gaps and empowering participants for better opportunities.</p>
