

EVENT REPORT – INDUSTRIAL VISIT – RMC (Ultra Tech Cement), Bangalore

EAST POINT COLLEGE OF ENGINEERING AND TECHNOLOGY				
Institution				
Department	Civil Engineering			
Event Type / Theme	INDUSTRIAL VISIT			
Event Title	INDUSTRIAL VISIT – RMC (Ultra Tech Cement)			
Date	19-09-2025	19-09-2025	Time:	10.30AM
Venue	Bangalore			
Duration	1 day	From:	19-09-2025	To: 19-09-2025
Program Objective	- To study the manufacturing process of ready-mix concrete. - To understand the batching process and role of automation in RMC production. - To observe the types of materials used and their quality control methods. - To learn about the storage, transportation, and handling of RMC. - To understand safety practices and environmental measures adopted at the plant			
The RMC plant we visited is equipped with modern facilities for the production and supply of ready-mix concrete. The plant uses automated computerized batching systems to ensure accurate proportions of cement, aggregates, water, and admixtures. The plant has separate storage areas for fine and coarse aggregates, cement silos, and water tanks to maintain quality consistency.				
1. Co-ordinated by		Dr Geena George ¹ and Prof. Sharath Babu K ²		
2. Designation/s		HoD, Associate Professor ¹ and Assistant Professor ²		
3. Company’s Name / Associations		East Point College of Engineering and Technology		
Total Number of Participants		22		
Total number of Participants in Google Meet		NA		
Total number of feedbacks received through Google forms from both Google meet and YouTube		NA		
Total Number of Views (First Day) in YouTube		NA
