

Event Report

Institution	EPCET				
Department	Computer Science and Engineering				
Event Type / Theme	Club Activity (well-being club)				
Event Title	Potluck & Chill				
Date	10th of June, 2025		Time	12:30 HRS to 15:30 HRS	
Venue	HOD’s Cabin				
Duration	One Day	From:	12:30	To:	15:30
Program Objective	To foster a sense of community, collaboration, and shared responsibility among participants. In a potluck gathering, each person brings a dish to contribute to a collective meal, creating an environment of inclusivity and mutual support. This not only lightens the burden on a single host but also allows everyone to participate actively, often leading to cultural exchange through diverse cuisines.				
The purpose of a potluck is to bring people together in a spirit of sharing and community. By having each participant contribute a dish, the event encourages equal involvement and reduces the burden on a single host. Potlucks provide an opportunity for individuals to connect, socialize, and enjoy a variety of homemade dishes, often reflecting different cultures and backgrounds. Whether held in a workplace, a potluck promotes teamwork, strengthens relationships, and creates a relaxed, welcoming atmosphere for everyone to enjoy.					
The potluck was made possible by contributions from all staff members.					
1. Names of the Resource Persons / Chief Guests / Guests of Honors / Other’s Mention		Prof Shammi L			
2. Designation/s		Assistant Professor Department of CSE,			
3. Company’s Name / Associations		EPCET			
Total Number of Participants		29 Faculty Members			
Total number of Participants in Google Meet		NA			
Total number of feedbacks received through Google forms from both Google meet and YouTube		NA			
Total Number of Views (First Day) in YouTube		NA
