Duration	5 hrs	From:	09:30 AM	To:	2:30 PM
Program Objective	To encourage students to showcase their innovative problem-solving skills and entrepreneurial thinking by developing real-time solutions for industry-relevant challenges.				

The event served as a platform for participants to transform their creative ideas into actionable prototypes, fostering teamwork, innovation, and technical excellence. Ms. Neha Tulsyan delivered an insightful session that inspired participants to think beyond traditional approaches and focus on impactful solutions.

Through Hack to Hire, students gained hands-on experience in ideation, rapid prototyping, and pitching, enhancing their employability and exposure to real-world problem-solving.

Objectives:

1. **Encourage Innovation:** Inspire students to think creatively and design innovative solutions for real-world problems.
2. **Skill Application:** Provide an opportunity for participants to apply their technical and analytical skills in a practical setting.
3. **Team Collaboration:** Promote teamwork, leadership, and collaborative problem-solving among students.
4. **Industry Readiness:** Bridge the gap between academic learning and industry expectations through project-based challenges.
5. **Career Opportunities:** Identify and nurture potential talent for future recruitment and internships through the Hack to Hire platform.

Conclusion:

The Hack to Hire Ideathon proved to be an engaging and impactful event that successfully encouraged innovation, collaboration, and problem-solving among students. Participants gained valuable exposure to real-world challenges and developed confidence in presenting their ideas to experts.
