

EAST POINT COLLEGE OF ENGINEERING & TECHNOLOGY

Department of CSE-(IoT & CSBT)

Approved by AICTE, New Delhi. Affiliated to VTU, Belagavi

Virgo Nagar, Bengaluru - 560 049

Action Taken Based on Faculty Feedback

Academic Year: 2025-26(Consolidated by considering all the semester)

Sl. No.	Feedback Area	Key Faculty Feedback	Action Taken
1	Syllabus Design	Curriculum is well-structured but requires inclusion of emerging technologies.	Introduce industry-relevant topics, multidisciplinary content, and value-added concepts wherever applicable.
2	Reference Materials	More recent textbooks, journals, and digital resources are required.	Update the list of reference books, subscribe to additional e-journals, and promote the use of online learning platforms.
3	Library Resources	Availability of advanced reference materials can be improved.	Recommend procurement of the latest books, IEEE resources, and strengthen access to digital library facilities.
4	Theory-Practice Balance	Increase practical exposure through real-world applications.	Integrate case studies, mini-projects, hands-on activities, and application-oriented learning into courses.
5	Assessment Methods	Enhance assessment techniques to measure higher-order learning.	Implement outcome-based assessments, rubric-based evaluation, and continuous assessment covering all modules.
6	Academic Flexibility	Encourage inclusion of emerging and interdisciplinary topics.	Introduce seminars, MOOCs, elective enrichment sessions, and value-added courses aligned with current trends.
7	Teaching Strategies	Adopt more innovative and student-centric teaching methodologies.	Promote flipped classrooms, experiential learning, collaborative activities, peer learning, and ICT-enabled teaching.
8	Laboratory Support	Upgrade laboratory infrastructure with modern tools and software.	Procure advanced software, simulation tools, and laboratory equipment to support practical learning.
9	Industry Integration	Strengthen interaction with industries for better employability.	Organize expert lectures, industrial visits, internships, industry-sponsored projects, and MoU-based collaborations.
10	Faculty Development	Continuous professional development is essential.	Encourage participation in FDPs, workshops, certification programs, research collaborations, and higher education initiatives.

Nanda Ashu
Head of the Department
